REPORT OF THE LIBRARIAN

To the Board of Trustees of the Wolfeboro Town Library,

Gentlemen:

The report of the librarian for the year ending January 30, 1938, is herewith presented.

A brief history of the library at this time, may not be inappropriate. The Brewster Library was among the Town bequests under the will of John Brewster.

The Library with Town Hall, was dedicated in 1890; but there was no money for books. To meet this emergency, Mr. Arthur F. Estabrook, late of Boston, who was Mr. Brewster's business partner and one of the original trustees of his estate, gave the sum of \$1000.

The selection was made by Miss Helen M. Cobb (now Mrs. Calvin M. Clark) who was at that time, teacher of English at Brewster Academy. It is to Mrs. Clark's care in selection, that we have so many of the classics not usually found in a small town library.

In the early days, students from the Academy were acting librarians. There have been four regular librarians, George E. Sleeper, Inez A. Brewster (now Mrs. L. H. Wentworth), Florence Seymour and Elizabeth Brewster.

In 1900, through the efforts of Mrs. Wentworth and the late Judge Abbott, the Town voted to accept the New Hampshire Library Law, which carried with it the gift of \$100.00 worth of books from the State; and annually a certain percentage of the State tax to be devoted to library purposes.

Through the courtesy of the Brewster Trustees, the Town Library was put under the same management as the Brewster Library, but with its own Board of Trustees. The arrangement has proved so satisfactory that it has always remained so; and by com-

bining, we have one of the strongest Town Libraries in the state.

On August 16, the library was closed three weeks for complete redecoration. This seemed necessary, although it broke up the routine work for two months of a busy season.

The changes made include a new lighting system and some new stacks to relieve the congested shelves. The library now presents a most attractive appearance.

The circulation for the year has been 23,793, of these classes, fiction 13,207, non-fiction 5,499, children's books 5,087. The average monthly circulation has been 1,982. Two hundred and seventy-five new borrowers' cards have been issued. Three hundred and forty-five new books have been added, 71 of which were contributed.

Robert Merritt, having taken a position in Boston, has resigned as a trustee after four years of service. He was a valued member of the Board, and we shall miss him.

The librarian wishes to express her appreciation for contributions of books and for gifts of money to the library; also to the many who have helped in other ways. She would also thank the trustees and assistants for their faithful service.

Respectfully submitted,

ELIZABETH BREWSTER,

Librarian.

The above figures by no means tell the whole story of our Chapter activities. Mrs. Dorothy Cunningham Bourgoin left our Nursing Service on February 1st, 1937, and was immediately succeeded by Miss Virginia R. Marr, R. N., whose training and previous residence in town, eminently fitted her for the fine service she is giving us. She came just as we were raising funds for the relief of flood sufferers in the Ohio and Mississippi Valleys.

In March a First Aid class was conducted by Dr. Bovaird assisted by our "lay instructor," Harry Sargent, and 12 received their certificates.

In May and June Miss Marr conducted a class in First Aid at Melvin Village, and 13 were certified as "First Aiders." Also a class in the Fall, when 13 received certificates.

In late June an Emergency Highway First Aid Station, fully equipped, was opened at Melvin Village in Horner's store, and manned by Miss Horner and Mr. Robie, qualified resident First Aiders, who have satisfactorily met every demand made on the Station.

On July Fourth the Chapter operated a temporary First Aid Station in a vacant store in "the Durgin," and 12 cases were treated. We also entered two floats in

the Parade on the 4th, one depicting First Aid, and the other Home Hygiene and Care of the Sick.

Miss Marr was absent on vacation during the month of September, her place being acceptably taken by Mrs. Irene Jones, now serving as the Public Health and School Nurse at our Wakefield Branch.

Our Nurse has taught one class in Home Hygiene and Care of the Sick, in which 8 have received certificates, and has two more classes now in session, one of which is composed of Senior girls at Brewster Academy. She has also found time to speak often before various local organizations, always along the lines of bettering the health conditions of our community.

Our public beaches are now manned each summer by fully qualified Life Saving Examiners who have, in turn, qualified many young people as Junior and Senior Life Savers. Our beach guards are fine young men.

At Christmas the Chapter participated in our usual Christmas celebration, with the unselfish assistance of Mrs. Hart and the boys and girls of the DeMolay and Rainbow.

The above are only the "High-lights" of our year, made possible only by the cordial cooperation of the whole community. The Chapter hopes for a continuance of this support, that it may go on to still greater usefulness.

F. E. MEADER,
Chairman.

HEALTH OFFICER'S REPORT

To the Honorable Board of Selectmen:
Gentlemen:

The Health Officer can but report a year without epidemic diseases, and of few incidents. One case of scarlet fever was reported. A minor epidemic of pertussis, without serious cases, and no complications oc-

curred. Thirty cases came to the attention of the health officer, but doubtless many others were not notified.

Attention is called to the necessity for providing a method of disposal of organic matter in garbage from markets. It has been the custom to dump such material on the Back Bay fill, but many complaints of bad odor were made. The area filled has increased until residences are near the edge. A method of disposal of decaying vegetable matter will be suggested before next summer. Merchants will be obliged to aid in carrying such to a central point where it can be burned or buried.

Samples of the milk supply have been sent from every dealer. No sub-standard samples have been reported. The quality of the product sold here, and that produced locally is up to the State Board of Health requirements. Other food samples have met the standards set up.

Attention of the ice dealers in town was called, last year, to contamination of that product cut near the town. The State Board endorsed a ruling of the health officer that ice must come from farther out in the bay. The same rule must be enforced this year. So long as ice is a food product it must conform to the same standards as other materials for human consumption.

Very truly yours,

FRED E. CLOW, M. D.,
Health Officer.

We hereby certify that we have examined the accounts of the Selectmen, Tax Collector, Town Clerk, Town Treasurer, Highway Agent, Trustees of Trust Funds, Town Library Treasurer, Collector of Water Rentals, Justice of the Municipal Court, and Forest Fire Warden, have compared their several accounts, vouchers, and bank statements of funds on deposit and find these accounts in agreement, and believe these reports to be a true account of the conduct of the Town business for the year ending January 31, 1938.

ORMAN T. HEADLEY,
CARROLL D. PIPER,
Auditors of the Town of Wolfeboro.

REPORT OF BUDGET COMMITTEE

To the Legal Voters of the Town of Wolfeboro:

Your budget committee has the honor to submit the following report and budget for the Town of Wolfeboro for the fiscal year ending January 31, 1939.

Public Hearing

The Budget Committee held a public hearing on January 31, 1938, at the Carpenter School. Notice of said hearing having been duly posted on January 21, 1938, in accordance with the law. Also notice of said hearing appeared in the Granite State News in two issues previous to the hearing.

Main Street Sewer Project

At a special town meeting, held August 27, 1937, at Carpenter School, it was voted to appropriate a sum not to exceed \$15,000.00 to construct a sewer system in the Main Street of the town. As no money was raised by taxes in the fiscal year 1937 for this purpose, the Selectmen paid the necessary demand on that portion of the work that was completed during the year, amounting to \$6,427.46, from current funds.

During construction of the sewer, it was necessary to remove more ledge than was estimated by the State engineers. The original estimate called for 100 yards of ledge at \$8.00 per yard, but there was actually removed 329 yards, making 229 additional yards. It was also deemed wise by the Sewer Committee and Selectmen at this time to put the laterals to vacant lots where it was necessary to remove ledge. The total estimate of the complete job by the State engineers will now run \$15,500 for the Main Street works. The Budget Committee, therefore, recommends that a sum not exceeding \$10,000.00 be borrowed on notes to complete this proj-

ect, said notes to be retired by at least \$2,000.00 each year.

Refunding of Town Debt

At the last town meeting it was voted to refund the town debt which was done by borrowing on bonds \$46,000.00 which will be retired in fifteen years. This necessitates raising each year the sum of \$3,000.00 for retirement of these bonds.

In addition to the retirement of bonds it is necessary for the town to continue payment of highway notes which were not refunded in the amount of \$31,285.41, of which we are retiring in 1938, \$6,911.55.

School Budget

The Budget Committee has carefully examined the expenditures of the School Board for last year and checked each item requested for expenditure during the coming year. The population of the schools is continuing to increase. The School Board is making savings wherever possible so as not to increase the amount to be raised by taxes. Therefore the Budget Committee recommends total spendings of \$37,556.33, from which amount will be deducted \$4,156.33 of other income leaving a net amount to be raised by taxes of \$33,400.00. This large sum is not entirely due to the operation of the schools, as there is \$4,000.00 payable each year to retire the bonds on the Carpenter building. The interest on the bonds this year is \$1,090, making a total of \$5,090.00 in this year's budget, which cannot be charged against instruction. There are outstanding at the present time \$32,000 of bonds which will be retired at the present rate of \$4,000 per year in eight years. The interest charges will necessarily decrease each year.

Water Department

The water department was compelled during the year to expend certain sums in addition to those set up

in the 1937 budget. These items covered new construction on Green Street at South Wolfeboro, at the Reservoir overflow, and changing house services on Main Street, in anticipation of new highway construction. Also, owing to the fact that collections for rental were \$1,266.59 less than estimated, the water commissioners were compelled to borrow \$3,500.00 from the town to carry on the department. In the budget for the ensuing year we have listed \$3,500.00 as a payment to be made by the water department from its earnings during 1938.

There is outstanding on old water works bonds \$4,600.00, which will be retired by February, 1940, thus leaving only the recent issue of water bonds outstanding which are being retired at the rate of \$3,000.00 per year.

It seems that in about three years when the old bonds are retired, it will no longer be necessary to assess the hydrant tax.

Precinct

The precinct commissioners have been able to continue the operation of their affairs without asking for any increase in their appropriation. The Budget Committee, however, feels that the charge for street lighting should be included in the precinct budget in the future, as this amount has been assessed against the precinct each year but appears in the town budget.

Special Requests

The Budget Committee has carefully considered all requests presented to them, which call for the spending of public funds, and submit herewith under the heading of special appropriations the items we recommend.
